Roads/Highways What would tolls cost you?	{{STATE_NAME}} Federal	0
Parks and Libraries Gym, entertainment, books	Local {{STATE_NAME}}	0
Public University Subsidy Difference vs. private tuition	{{STATE_NAME}}	0
Other Services List: <input type="text"/>	Various	0

Service	Provider	Annual Value (\$)
TOTAL VALUE		\$12,000

Net Contributor Analysis

<div>Taxes Paid</div> <div>\$6,060</div>	<div>Services Value</div> <div>\$12,000</div>	<div>Net Difference</div> <div>+\$5,940</div>
---	--	--

Net Recipient

You receive more in government services than you pay in taxes.

Understanding Your Status:

- **Net Recipients:** Most young people (use schools, haven't paid lifetime of taxes yet)
- **Net Contributors:** As you age and earn more, you typically become a net contributor
- This is an **intergenerational transfer** - current workers fund services for youth and retirees
