

# Personal Credit Strategy Builder

## Chapter 7.3: Understanding Credit Scores

---

### Instructions

This worksheet will help you develop a personal strategy for building and maintaining good credit. For each credit score factor, identify specific actions you can take during different time periods to positively influence your score.

1. Review the five FICO score factors and their relative importance
2. Consider your personal financial situation and goals
3. For each factor, identify specific actions you can take in the short-term, medium-term, and long-term
4. Complete the reflection section to summarize your overall strategy

### Your Personal Credit Strategy
